Policy on enhanced customer protection and for reporting if unauthorized payment transactions by customer and liability of various parties related to the unauthorized payment transactions

The company will establish all the required systems and will educate the customer on measures to avoid the unauthorized payment transactions.

The policy will be applicable on all categories of PPIs including:-

i. Remote / Online payment transactions (transactions that do not require physical PPIs to be presented at the point of transactions e.g. wallets, card not present (CNP) transactions, etc.).

ii. Face-to-face / Proximity payment transactions (transactions which require the physical PPIs such as cards or mobile phones to be present at the point of transactions e.g. transactions at Point of Sale, etc.).

Reporting of unauthorised payment transactions by customers to the company

i. The systems will be made to ensure that the customers mandatorily register for SMS alerts and register for e-mail alerts, for electronic payment transactions.

ii. The SMS alert for any payment transaction in the account shall mandatorily be sent to the customers and e-mail alert may additionally be sent, wherever registered. The transaction alert will have a contact number and / or e-mail id on which a customer can report unauthorised transactions or notify the objection.

iii. Customers shall be advised to notify the company of any unauthorised electronic payment transaction at the earliest and, shall also be informed that longer the time taken to notify the company, higher will be the risk of loss to the company / customer.

iv. To facilitate the customer service the company shall provide customers with 24x7 access via website / SMS / e-mail / a dedicated toll-free helpline for reporting unauthorised transactions that have taken place and / or loss or theft of the PPI.

v. A direct link for lodging of complaints, with specific option to report unauthorised electronic payment transactions shall be provided by company on mobile app / home page of the website / any other evolving acceptance mode as and when decided.

vi. The loss / fraud reporting system so established shall also ensure that immediate response (including auto response) is sent to the customers acknowledging the complaint along with the registered complaint number. The communication systems used by company to send alerts and receive their responses thereto shall record time and date of delivery of the message and receipt of customer's response, if any. This shall be important in determining the extent of a customer's liability. On receipt of report of an unauthorised payment transaction from the customer, company shall take immediate action to prevent further unauthorised payment transactions in the PPI.

Limited liability of a customer

A customer's liability arising out of an unauthorised payment transaction will be limited to following

S. No.	Particulars	Maximum Liability of Customer
(a)	Contributory fraud / negligence / deficiency on the part of the Company (irrespective of whether or not the transaction is reported by the customer)	Zero
(b)	Third party breach where the deficiency lies neither with the company nor with the customer but lies elsewhere in the system, and the customer notifies the Company regarding the unauthorised payment transaction. The per transaction customer liability in such cases will depend on the number of days lapsed between the receipt of transaction communication by the customer from the company and the reporting of unauthorised transaction by the customer to the PPI issuer (Company) -	

	i. Within three days#	Zero
	ii. Within four to seven days#	Transaction value or ₹10,000/- per transaction, whichever is lower
	iii. Beyond seven days#	Up to transaction value
(c)	In cases where the loss is due to negligence by a customer, such as where he / she has shared the payment credentials, the customer will bear the entire loss until he / she reports the unauthorised transaction to the Company. Any loss occurring after the reporting of the unauthorised transaction shall be borne by the Company.	

The number of days mentioned above shall be counted excluding the date of receiving the communication from the Company.

The above shall be clearly communicated to all PPI holders.

Reversal timeline for zero liability / limited liability of a customer

On being notified by the customer, the company shall credit (notional reversal) the amount involved in the unauthorised electronic payment transaction to the customer's PPI within 10 days from the date of such notification by the customer (without waiting for settlement of insurance claim, if any), even if such reversal breaches the maximum permissible limit applicable to that type / category of PPI. The credit shall be value-dated to be as of the date of the unauthorised transaction.

Further, the company shall ensure that a complaint is resolved and liability of the customer, if any, established within 90 days (maximum) from the date of receipt of the complaint, and the customer is compensated as per above policy. In case the company is unable to resolve the complaint or determine the customer liability, if any, within 90 days, the amount as prescribed above shall be paid to the customer, irrespective of whether the negligence is on the part of customer or otherwise.
